FOUNDER/OWNER

Dean du Toit carpenter and construction all rounder. Mastered the art of problem solving over the past 22 yrs. Founded the company in 2008 part time. And what started out as a hobby has now transformed into a fulltime operation. He has started the company whilst working full time at Robertson and Caine International Yachts. Biggest Catamaran Builders in Southern Hemisphere. But only registered and started pursuing his dream full time since 2015. With humble beginnings started out with just joinery. But was soon forced to branch out into different streams of projects. With subcontracting projects from Murray and Roberts, Ceil Wall Interiors, Feb's Roofing and Many more. Due to a greater demand for construction and maintenance work. I am extremely passionate about construction and carpentry. And only believe in delivering highest standards to my much treasured clients. We have a combined experience of over 40 yrs. Give us the drawings and we'll build it out of the ground to finish. With artisans that worked across Africa and loads of overall experience.

ABOUT US

We are a small to medium company ready to take on any challenge. And with the right team and tradesman. That is exactly what we plan to do. We have qualified people in different fields.
